

## PRESS RELEASE

### National History Day – California (NHD-CA)

## Seven California Entries Earn Medals at National History Day

-- MARYLAND – June 21, 2022 --

On Saturday, June 18, National History Day® (NHD) presented the awards for the 2022 NHD National Contest in a live-streamed ceremony. Seven California entries and sixteen students earned top honors at the 2022 Virtual National History Day Contest June 12-16. In addition, eight California entries were named finalists and two entries were named Outstanding In State. More than 600,000 middle and high school students entered the competition during the 2021/2022 academic school year, creating projects related to the theme *Debate & Diplomacy; Successes, Failures, Consequences*. After advancing through school, local, and state competitions, just over 2,700 students advanced to the National Contest presenting documentaries, exhibits, papers, performances, and websites.

Each fall students nationwide begin the year-long National History Day program. Students begin by creating projects in the classroom and then move on to compete in a series of history contests progressing from district to county, and then on to the state contest. Participating students choose their own topics of study and research from original sources based on this year’s theme. National History Day students research historic documents and artifacts, conduct oral histories, search the archives and libraries for information on their topic, and travel to historic sites. They present their work in a variety of ways including: exhibits, documentaries, websites, original performances, or traditional research papers. In California more than 40,000 students participate in National History Day each year. Sixty-four of the 1,238 students who competed at the NHD-CA contest in early May qualified to advance to the National History Day competition. Historians and other education professionals evaluate the students work at the national competition. \$150,000 in scholarships are awarded at the awards ceremony, and approximately 100 students took home cash prizes between \$250 and \$5,000 for superior work in a particular category of judging.

**Winners and finalists are listed on following pages.**
