Contract Course Confirmation

Course Title: Skill Based Assessment in History/Social Science

Course Description/Objectives: This two-day course trains participants in the use of skills-based rubrics to assess student work. Sessions focus on using aligned assessments that connect to the revised History/Social Science Framework and the California Common Core literacy skills. Participants will engage in hands-on training and interact with students at the National History Day - CA event. Culminating work will include submitting aligned rubrics, assessments, and comments that support alignment with the content, literacy, inquiry, and citizenship shifts in the framework.
